

CAPABILITIES

ISO 9001:2015 & ISO 13485 Certified • ITAR Registered • JCP Certified • Cage Code 5T6K8 • NAICS Codes 332710 & 332721

Materials

Stainless Steel (ie. 300 series, 17-4 condition A, 17-4 H900, 400 series, etc.), Nitinol, Titanium, Aluminum, Teflon, Delrin, Radel, Inconel, Stelite, Hastalloy, Cobalt Chrome, Plastics, Peek

Services

- CNC Milling - Multi Axis
- CNC Vertical Milling - Palletized
- CNC Horizontal Milling - Palletized
- CNC Turning
- CNC Turn/Mill
- CNC Multitasking
- Swiss Turning
- Swiss Machining - Up to 9 Axis
- Saw Cutting - Various types & Sizes
- Wire EDM
- Sinker EDM
- Grinding - Multi Axis
- Deep Hole Drilling
- Gun Drilling
- OD/Centerless Grinding
- Metal Coatings/Plating: PVD Coatings, Bone On-Growth Surfaces, TPS Coatings, HA-Sprayed Coatings
- Passivation
- Anodizing
- Electropolish
- Heat Treating
- Laser marking and engraving
- Non-Sterile/Sterile Packaging
- Mechanical Polishing and Buffing. Expertise in using abrasive belts, Scotch-Brite Finishing Wheels and Cotton Buffing Wheels to achieve finishes from satin to mirror.
- Grit Blasting, Bead Blasting, Dust Blasting
- Rapid Prototyping - "Firehouse"
- Tool Room Manufacturing
- Assembly
- TIG Welding, including AWS D17.1 qualification for fusion welding of Aerospace Components and AWS B2.1, 2005 Standard Welding Procedure Specification
